Agricultural Engineer

Description

Agricultural Engineers

Experience preferred but not essential, a good working attitude is the primary requirement. The job will involve servicing, repairing and fitting fixed agricultural machinery on farms and mills. Training will be given on the job, good rates of pay and plenty of overtime.

Trainee Electrician

An electrician, at any level of training, is required to join our electrical team. Work will involve a variety of tasks on-site including new installs, fault diagnosis, repairs and replacements on fixed agricultural machinery and buildings.

Training will be given on the job with the option to attend college to gain qualifications.

Our offices are located in the village of Froxfield, SN8 3JY between Marlborough and Hungerford, candidates must be able to get to the offices themselves.
