Registered Nurse

Description

We are looking to recruit a full-time (36hrs/week) nurse for our 43 bed nursing home. Our home is owned by a small family run organisation along with our sister home in Yorkshire.

We have a small dedicated team of night staff and a friendly, homely atmosphere.

For this role your previous care home experience would be an advantage but is not essential. Most importantly you must be passionate about what you do with a commitment to putting our residents first. You will have a caring and compassionate nature and be focused on delivering personalised care.

You must have current NMC registration, but this could be RN, RMN or LD. New Nurse Graduates welcome to apply.

We will provide you with a meal and refreshments when on duty, a uniform, training and support with continuing professional development and your revalidation. If you are interested, you are more than welcome to give us a call for an informal chat
